

Game Art Internship

Arkadium, a leading game developer in NYC, is looking for an exceptional individual to join our team. The ideal candidate is a motivated, creative and dynamic person looking to gain industry experience.

This job is located in the Flatiron district of New York City.

Job Description

Our Ideal Candidate:

- Has excellent communication, writing, and organizational skills
- Has an excellent working knowledge of Photoshop and Flash
- Has experience working with basic computer software programs including the MS Office Suite (Word, Excel, Powerpoint)
- Has excellent graphic design skills
- Is super creative and overflowing with new, original ideas
- Has a passion to play and create games and has a well developed sense of fun

Added bonuses include:

- Animation skills
- 3d skills (3d Studio Max or Maya)
- Game Design Experience
- Action Script or other programming skills

Responsibilities:

- Participate in brainstorming sessions where we come up with ideas for the next hit games
- Assist in designing games that will be seen by millions of people
- Familiarize yourself with how an online casual game is created from start to finish
- Gain a better knowledge and understanding of the Gaming Industry

How to Apply

To apply, please email your cover letter and resume to internships@arkadium.com with the subject line "Game Artist Internship."

Please note that we get a ton of resumes. We encourage you to be creative if you want your cover-letter to stand out.
