Arkadium Develops Ten New Premium Titles Adds to Its Growing Library of Games

Cat nations, ancient civilizations and a sandwich hero all vie for gaming glory on GreatDayGames.com

New York – June 23, 2010 – Arkadium, a game developer for the casual, social and advergaming markets, today announced the introduction of ten new premium games. Currently accessible for play on GreatDayGames.com, the titles are available for licensing and have been added to the company's extensive collection of more than three hundred games – the largest wholly owned flash game library in the world. A number of the new premium games will be utilized as part of Arkadium's Facebook game rollout strategy as well. These new fun-filled games include:

- [Picture Pieces](#) – This fun picture-puzzle game gives players a chance to piece together a larger image from a selection of smaller images.
- [Cat Fight](#) – Load water guns, stockpile water balloons and battle feline foes to the finish in this addicting match strategy game.
- [Dethtris](#) – In this exhilarating game players must navigate dangerous terrain and avoid being crushed as they aim to cheat death and uncover island mysteries.
- [Dice Dice Baby](#) – Move, rotate and drop dice to create matches and score points in this fun matching game.
- [Golf Challenge](#) – This awesome new golf game lets players choose from a wide array of clubs, beautiful sceneries and plenty of courses to conquer.
- [Hoagie Hero](#) – This culinary game challenges players to build sandwiches and collect tips in an amusing race against the clock.
- [Bridge](#) – A meticulously crafted version of Bridge lets player's team up with a computerized partner and pit their skills against clever AI opponents.
- [Mixology](#) – Players serve up exotic juice drinks to thirsty customers in an effort to make the juice bar the hottest in town.
- [Sport Fishing](#) – This suspenseful fishing game lets players reel in marine monsters big and small from the comfort (and safety) of their office or home.
- [Stylistas](#) – A manic-matching fashion game encourages players to harness their inner stylist as they aim to quickly create chic outfits before time runs out.
